The Partnership

In the early 1990's Mbare Methodist Church in Zimbabwe and Saltash Wesley Methodist Church agreed to form a Partnership. This involved a commitment to pray for each other, to share our personal testimonies and to gain an understanding of each other's lives

Mbare is a township within the capital city Harare and is one of the poorest places in Zimbabwe. In recent years the people in Mbare have suffered great hardship, with many homes being destroyed, acute food shortages, educational difficulties and lack of medical facilities.

We have an informal agreement that on the first Sunday of each month both Partnership congregations pray for the other, but we also keep in regular contact and bear particular concerns in our everyday prayers.

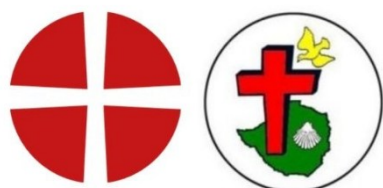

Although the Partnership was never intended to provide one-sided aid, the desperate needs in Mbare in recent years have meant that those of us in Saltash have felt the need to share what we have with our brothers and sisters in Zimbabwe. We regularly send money to the congregation in Mbare for poverty relief and specifically for school fees for the young people.

Since the Partnership was formed, we have sent four parties of young and older people from Wesley with a further one planned for June this year. Likewise five groups have come to us from Mbare. The gains, both spiritual and cultural, have been valuable and exciting for both congregations.

This promise auction is one in a series of events organised to raise funds for the next exchange visit when 11 members of Saltash Wesley Church will be visiting our partner church in Mbare, Zimbabwe.

A huge thank you must go to those people from our congregation and friends and family members who have generously donated promises.

Bid high to be sure of winning!
